Estimated Tax

2017 SB 30

Notice 17-09

Individuals Who Have Been Receiving The Non-Wage Business Income Exclusion Are Strongly Recommended to Begin Making Estimated Payments Immediately!

- ❖ The new amendments to the non-wage business income is retroactive to January 1, 2017.
- ❖ It is recommended to start making estimated payments as soon as possible to avoid a significant amount of unplanned tax due in April of 2018.
- ❖ An Increase in the normal amount estimated payment(s) is recommended in order to “catch-up” with the amount of tax had payments been made for the first two quarters of the 2017 tax year.
- ❖ Failure to make these estimated payments could result in having to pay a **significant** amount of income tax being due in April of 2018 when filing the 2017 income tax return.

Usually, failure to make estimated tax payments in a timely fashion will result in a penalty being imposed. However, this legislation specifically provides that a penalty will not be imposed if all of the tax that was underpaid as a result of changes made by the repeal of the non-wage business income and change in income tax rates for tax year 2017 are paid by April 17, 2018. This is the due date of the 2017 calendar year income tax returns. Section 4 of the Bill amends K.S.A. 79-32,117 by adding subsection (f) which states: - ***“(f) No taxpayer shall be assessed penalties and interest arising from the underpayment of taxes due To changes to the rates in subsection (a) that became law on July 1, 2017, so long as such underpayment is rectified on or before April 17, 2018.”***

Withholding Tables

2017 SB 30

Notice 17-02

Effective January 1, 2018

- ❖ New Withholding tables, effective January 1, 2017 are based on the new income tax rates for TY 2018 since the new higher rates are effective for all of TY 2017 and were not implemented until mid-year. The higher 2018 rates should help most taxpayers “catch up” on their 2017 withholding.
- ❖ Kansas Department of Revenue does not send out new tables. The new tax tables are available on the Kansas Department of Revenue website ksrevenue.org.
- ❖ Normally individuals who have a balance on their Kansas income tax return of more than \$500 after all credits may be subject to an underpayment penalty. To avoid this, they may either make estimated tax payments, reduce the number of withholding allowances they are claiming on their Kansas K-4 withholding form, or request an additional amount of Kansas withholding on their Kansas K-4 withholding form. This legislation specifically provides that a penalty will not be imposed if all of the tax that was underpaid as a result of changes made by the repeal of the non-wage business income and change in income tax rates for tax year 2017 are paid by April 17, 2018. This is the due date of the 2017 calendar year income tax returns. Section 4 of the Bill amends K.S.A. 79-32,117 by adding subsection (f) which states:
 - “(f) *No taxpayer shall be assessed penalties and interest arising from the underpayment of taxes due to changes to the rates in subsection (a) that became law on July 1, 2017, so long as such underpayment is rectified on or before April 17, 2018.*”

Alcohol & Tobacco

2017 HB 2230, SB 13, HB 2277

- ❖ **HB 2230 Electronic Cigarette Provisions** - The bill delays the effective date and reduces the rate of the tax on electronic cigarettes. Under previous law, a tax at the rate of **\$0.20 per milliliter** of consumable material in electronic cigarettes was imposed as of January 1, 2017. The bill delays the effective date of the tax to **July 1, 2017**, and reduces the rate to **\$0.05 per milliliter**. The bill defines “consumable material” to mean any liquid solution or other material that is depleted as an electronic cigarette is used.
- ❖ **SB 13 “Uncork Bill”** - Starting on **April 1, 2019**, persons such as convenience stores, grocery stores, and drug stores who are licensed to sell Cereal Malt Beverage (CMB) - which is defined by law to mean any fermented but un-distilled liquor brewed from malt, malt substitute, flavored malt beverage, or combination thereof, with an alcohol weight of 3.2% or less - may sell beer containing not more than 6% alcohol by volume. Persons licensed to sell CMB will not be allowed to sell beer at a price less than cost, unless permitted by the Director of Alcohol Beverage Control (Director) when specific conditions are present, such as the discontinuance of an item or by court order. Also starting on **April 1, 2019**, any person with a retailer’s license to sell alcoholic liquor (beer, wine, and distilled spirits) may sell CMB. Liquor retailers may sell other goods or services, provided the amount of nonalcoholic sales - excluding the sales of lottery tickets, cigarettes, and other tobacco products - does not exceed **20%** of the retailer’s total gross sales. Liquor retailers continue to provide product for resale by bars, restaurants, clubs, and caterers. The bill repeals the prohibition placed on selling CMB next to alcoholic liquor.
- ❖ **HB 2277 “Common Consumption Areas”** Allows a city or county to establish one or more common consumption areas by ordinance or resolution, designate the boundaries of any common consumption area, and prescribe the times during which alcoholic liquor may be consumed. Requires a permit from the Director of ABC. Also eliminates the ten-day waiting period for an applicant to become a member of a class B club.

The ordinance or resolution shall require that any public street or roadway that lies within a common consumption area shall be blocked from motorized traffic during the hours in which alcohol is consumed. (2) The city or county shall immediately notify the director of the division of alcoholic beverage control of the establishment of a common consumption area and submit a copy of the ordinance or resolution along with such notice.

NOTICE 17-01

EXEMPT SALES OF FENCING MATERIALS AND SERVICES (MARCH 23, 2017)

During the 2017 Legislative Session House Bill 2387 was passed and signed into law. This Bill amended K.S.A. 79-3606d to provide for tax exempt sales of fencing materials and services purchased during calendar years 2017 and 2018 to reconstruct, repair or replace any fence which was damaged or destroyed by fire during 2016 and 2017, and the purpose for which is to enclose land devoted to agricultural use. As amended, the language of K.S.A. 79-3606d now reads:

79-3606d. (a) The following shall be exempt from the tax imposed by the Kansas retailers' sales tax act: All sales of tangible personal property and services purchased during calendar years 2017 and 2018, necessary to reconstruct, repair or replace any fence that was damaged or destroyed by wildfires occurring during calendar years 2016 and 2017, and the purpose for which is to enclose land devoted to agricultural use. Sales tax paid on and after January 1, 2017, upon the gross receipts received from any such sale shall be refunded. Each claim for a sales tax refund shall be verified and submitted to the director of taxation upon forms furnished by the director and shall be accompanied by any additional documentation required by the director. The director shall review each claim and shall refund that amount of sales tax paid as determined under the provisions of this section. All refunds shall be paid from the sales tax refund fund upon warrants of the director of accounts and reports pursuant to vouchers approved by the director or the director's designee. Any person reconstructing, repairing or replacing such property, or any person who shall contract for the reconstruction, repair or replacement of any such property shall obtain from the state an exemption certificate for the project involved. The certificate shall be furnished to the person or contractor to purchase materials and lease machinery and equipment for such project. The person or contractor shall furnish the number of such certificate to all suppliers from whom such purchases are made, and such suppliers shall execute invoices covering the same bearing the number of such certificate. Upon completion of the project the contractor shall furnish to the person that obtained the exemption certificate, a sworn statement, on a form provided by the director of taxation, that all purchases so made were entitled to exemption under this subsection.

(b) The provisions of this section shall be deemed to be supplemental to the Kansas retailers' sales tax act.

A request for an exemption certificate should be made by submitting form PR-70FEN (3/2017) Request for Exemption Certificate for Fencing Materials and Services. Visit the Department's website at: www.ksrevenue.org/wildfires to download the form. Once the request has been approved, the Department will issue a Fencing Exemption Certificate, along with a cover letter. Both the Fencing Exemption Certificate and the cover letter will provide additional details regarding the types of materials and leases that qualify for the exemption.

Although obtaining an exemption certificate is the preferred method, because it permits making purchases without paying tax, if a purchase has already been made, and tax paid, the exemption allowed by the statute can be claimed by submitting form ST-3, Kansas Application for Sales Tax Refund of Fencing Materials and/or

Services. Please be sure to submit all the information and documents requested on the form at the time you file your claim for refund. Failing to do so will delay or may even prevent issuance of a refund.

The effective date of the legislation is March 23, 2017. You should allow at least 5 days for processing of any request for an exemption certificate.

You should allow at least 45 days for processing of any refund claim. Please note refunds will only be made for sales tax paid to a Kansas retailer.

Withholding Tax Changes

Under Kansas law the Secretary of Revenue is required to prepare tables, and/or to prescribe schedules or rates, for withholding tax that will approximate an employee's annual tax liability during a calendar year. Under the provisions of the new legislation this task is complicated by the fact the income tax rates for tax year 2017 are changing in mid-year, meaning many employees will not have had enough tax withheld for the year. In addition, tax rates will change again in only 6 months because different rates become effective January 1, 2018, for tax year 2018.

To address these concerns the Department has updated the withholding tax tables to reflect the higher 2018 tax year withholding tax rates. These tables are available through the Department's website at: <https://ksrevenue.org/forms-btwh.html> Applying these rates to the second half of tax year 2017 should allow most employees to "catch-up" on their withholding for tax year 2017. In addition, beginning to withhold at the 2018 rate now means it will not be necessary to change the amount of withholding again in just 6 months.

While using the 2018 withholding rate tables will make the necessary adjustments to most wage earners withholding, every taxpayer is different. As a result, the Department encourages all wage earners to review their personal tax situation, and to discuss any questions with their tax preparer or tax professional.

No Penalty For Underpayment of Tax Due To Rate Change

Like the federal tax system, the Kansas tax system is designed so that income tax is remitted as income is earned. Usually, under withholding of income tax or failure to make estimated tax payments will result in a penalty being imposed. However, this legislation specifically provides that a penalty will not be imposed if all of the tax that was underpaid as a result of the rate increase is paid by April 17, 2018, which is the due date of 2017 calendar year income tax returns. Section 4 of the Bill amends K.S.A. 79-32,110 by adding subsection (f) which states:

(f) No taxpayer shall be assessed penalties and interest arising from the underpayment of taxes due to changes to the rates in subsection (a) that became law on July 1, 2017, so long as such underpayment is rectified on or before April 17, 2018.

Corporate Income Tax Rates Not Affected

The changes made by Senate Bill 30 do not affect corporate income tax. Corporate income tax rates have not changed.

NOTICE 17-03

CHANGES TO ADDITION AND SUBTRACTION MODIFICATIONS RELATED TO NONWAGE BUSINESS INCOME (JULY 1, 2017)

Generally

The calculation of an individual's Kansas income tax starts with federal adjusted gross income. Certain modifications, either additions or subtractions, required by K.S.A. 79-32,117 are then made to arrive at Kansas adjusted gross income.

The 2017 Kansas Legislature approved Senate Bill 30, which impacts state income tax law. Provisions in Section 5 of the Bill amended K.S.A. 79-32,117 to limit the time period for which five addition modifications and four subtraction modifications are effective. The overall effect of these amendments is to make these modifications effective only for tax years beginning after December 31, 2012 and ending before January 1, 2017.

Changes In The Law

Addition Modifications – Certain Losses and Deductions No Longer Subject to Tax

As explained in Notice 12-11, in 2012, Kansas law was amended to provide that for tax years beginning after December 31, 2012, certain categories of nonwage business income were exempt from income tax. To prevent individuals from claiming excessive losses or deductions associated with this nonwage business income there was a requirement that certain losses or deductions be added to the taxpayer's federal adjusted gross income when computing Kansas income tax. Because Senate Bill 30 provides this nonwage business income is no longer exempt from Kansas income tax (as explained below in the section on Subtraction Modifications) the requirement that certain losses or deductions associated with this nonwage business income be added to federal adjusted gross income when computing Kansas income tax has been removed.

Losses

(1) Business losses

Prior to passage of Senate Bill 30, subsection (b)(xix) provided an addition modification for business losses reported on federal Schedule C and line 12 of federal Form 1040. Under federal law, Schedule C is used to report income or losses from a sole proprietorship, and income paid to individuals considered statutory employees for federal income tax purposes. Now this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, these losses are no longer added to federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(b) There shall be added to federal adjusted gross income:

(xix) For ~~all~~ taxable years beginning after December 31, 2012, and ending before January 1, 2017, the amount of any: (1) Loss from business as determined under the federal internal revenue code and reported from schedule C and on line 12 of the taxpayer's form 1040 federal individual income tax return; . . .

(2) Losses From Certain Entities and Certain Types of Losses

Prior to passage of Senate Bill 30, subsection (b)(xix) provided an addition modification for losses reported on federal Schedule E and line 17 of federal Form 1040. Under federal law, Schedule E is used to report income received from, or losses related to, certain entities (including partnerships, S corporations, limited liability companies, estates and trusts) and certain types of income (including income from rental real estate, royalties, residual interests in real estate mortgage investment conduits, and net farm rental). Now this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, these losses are no longer added to federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(b) There shall be added to federal adjusted gross income:

(xix) For ~~all~~ taxable years beginning after December 31, 2012, and ending before January 1, 2017, the amount of any: (2) loss from rental real estate, royalties, partnerships, S corporations, except those wholly owned subsidiaries subject to the Kansas privilege tax, estates, trusts, residual interest in real estate mortgage investment conduits and net farm rental as determined under the federal internal revenue code and reported from schedule E and on line 17 of the taxpayer's form 1040 federal individual income tax return;

(3) Farm Income

Prior to passage of Senate Bill 30, subsection (b)(xix) provided an addition modification for farm losses reported on federal Schedule F and line 18 of federal Form 1040. Under federal law, Schedule F is used to report net farm profit or loss. Now this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, these losses are no longer added to federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(b) There shall be added to federal adjusted gross income:

(xix) For ~~all~~ taxable years beginning after December 31, 2012, and ending before January 1, 2017, the amount of any: farm loss as determined under the federal internal revenue code and reported from schedule F and on line 18 of the taxpayer's form 1040 federal income tax return;

Deductions

Certain items are deductible under federal law, but the deduction is not shown on federal Schedule C, E, or F. Instead, the deduction is shown on a line of the federal Form 1040. These include:

A. One-half of self-employment taxes. Line 27, IRC §164(f)

- B. Contributions to retirement plans by self-employed. Line 28, IRC §62(a)(6)
- C. Purchases of health insurance by self-employed. Line 28, IRC §162(l)
- D. Deduction for domestic production activities. Line 35, IRC §199

Prior to passage of Senate Bill 30, subsection (b) provided additional modifications for these deductions. Now these modifications are limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, these deductions are no longer added to federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

Self-employment taxes

(b) There shall be added to federal adjusted gross income:

(xx) For ~~all~~ taxable years beginning after December 31, 2012, and ending before January 1, 2017, the amount of any deduction for self-employment taxes under section 164(f) of the federal internal revenue code as in effect on January 1, 2012, and amendments thereto, in determining the federal adjusted gross income of an individual taxpayer, to the extent the deduction is attributable to income reported on schedule C, E or F and on line 12, 17 or 18 of the taxpayer's from 1040 federal income tax return.

Retirement plans by self-employed

(b) There shall be added to federal adjusted gross income:

(xxi) For ~~all~~ taxable years beginning after December 31, 2012, and ending before January 1, 2017, the amount of any deduction for pension, profit sharing, and annuity plans of self-employed individuals under section 62(a)(6) of the federal internal revenue code as in effect on January 1, 2012, and amendments thereto, in determining the federal adjusted gross income of an individual taxpayer.

Purchases of health insurance by self-employed.

(b) There shall be added to federal adjusted gross income:

(xxii) For ~~all~~ taxable years beginning after December 31, 2012, and ending before January 1, 2017, the amount of any deduction for health insurance under section 162(l) of the federal internal revenue code as in effect on January 1, 2012, and amendments thereto, in determining the federal adjusted gross income of an individual taxpayer.

Domestic production activities.

(b) There shall be added to federal adjusted gross income:

(xxiii) For *all* taxable years beginning after December 31, 2012, *and ending before January 1, 2017*, the amount of any deduction for domestic production activities under section 199 of the federal internal revenue code as in effect on January 1, 2012, and amendments thereto, in determining the federal adjusted gross income of an individual taxpayer.

Subtraction Modifications – Nonwage Business Income No Longer Exempt

In 2012, Kansas law was amended to provide that for tax years beginning after December 31, 2012, there would be a subtraction modification for three categories of income: (1) nonwage business income; (2) income from certain types of entities; and (3) farm income. Subsequent amendments added other, related, subtraction modifications. Senate Bill 30 amends subsection (c) to remove these subtraction modifications. By not allowing this income to be subtracted from federal adjusted gross income when calculating Kansas adjusted gross income, this income is now subject to Kansas income tax.

(1) Stockholders in Banks and Savings and Loans

Prior to passage of Senate Bill 30, subsection (c)(xiv) provided a subtraction modification for income received by a taxpayer who is a stockholder in a Kansas bank, national banking association, savings and loan, or federal savings association, for which an S corporation election has been made. Now this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, this income may no longer be subtracted from federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(xiv) For all taxable years commencing after December 31, 1996, that portion of any income of a bank organized under the laws of this state or any other state, a national banking association organized under the laws of the United States, an association organized under the savings and loan code of this state or any other state, or a federal savings association organized under the laws of the United States, for which an election as an S corporation under subchapter S of the federal internal revenue code is in effect, which accrues to the taxpayer who is a stockholder of such corporation and which is not distributed to the stockholders as dividends of the corporation. For *all* taxable years beginning after December 31, 2012, *and ending before January 1, 2017*, the amount of modification under this subsection shall exclude the portion of income or loss reported on schedule E and included on line 17 of the taxpayer's form 1040 federal individual income tax return.

(2) Nonwage Business Income

Prior to passage of Senate Bill 30, subsection (c)(xx) provided a subtraction modification for income reported on federal Schedule C and line 12 of federal Form 1040. Under federal law, Schedule C is available only to sole proprietors and to individuals considered statutory employees for federal income tax purposes. Now this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, this income may no longer be subtracted from federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(c) There shall be subtracted from federal adjusted gross income:

(xx) For ~~all~~ taxable years beginning after December 31, 2012, *and ending before January 1, 2017*, the amount of any: (1) Net profit from business as determined under the federal internal revenue code and reported from schedule C and on line 12 of the taxpayer's form 1040 federal individual income tax return; . . .

(3) Income From Certain Entities and Certain Types of Income

Prior to passage of Senate Bill 30, subsection (c)(xx) provided a subtraction modification for income reported on federal Schedule E and line 17 of federal Form 1040. Under federal law, Schedule E is used to report income received from certain entities (including partnerships, S corporations, limited liability companies, estates and trusts) and certain types of income (including income from rental real estate, royalties, residual interests in real estate mortgage investment conduits, and net farm rental). Now this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, this income may no longer be subtracted from federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(c) There shall be subtracted from federal adjusted gross income:

(xx) For ~~all~~ taxable years beginning after December 31, 2012, *and ending before January 1, 2017*, the amount of any: (2) net income from rental real estate, royalties, partnerships, S corporations, estates, trusts, residual interest in real estate mortgage investment conduits and net farm rental as determined under the federal internal revenue code and reported from schedule E and on line 17 of the taxpayer's form 1040 federal individual income tax return;

(4) Farm Income

Prior to passage of Senate Bill 30, subsection (c)(xx) provided a subtraction modification for farm income reported on federal Schedule F and line 18 of federal Form 1040. Under federal law, Schedule E is used to report net farm profit. Now, this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, this income may no longer be subtracted from federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(c) There shall be subtracted from federal adjusted gross income:

(xx) For ~~all~~ taxable years beginning after December 31, 2012, *and ending before January 1, 2017*, the amount of any: (3) net farm profit as determined under the federal internal revenue code and reported from schedule F and on line 18 of the taxpayer's form 1040 federal income tax return;

(5) Draft, Breeding, Dairy Animals, and Animals Used for Sporting Purposes

Prior to passage of Senate Bill 30, subsection (c)(xxii) provided a subtraction modification for net gain from the sale of breeding animals subject to depreciation. Now, this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, this income may no longer be subtracted from federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(xxii) For ~~all~~ taxable years beginning after December 31, 2012, *and ending before January 1, 2017*, the amount of net gain from the sale of: (1) Cattle and horses, regardless of age, held by the taxpayer for draft, breeding, dairy or sporting purposes, and held by such taxpayer for 24 months or more from the date of acquisition; and (2) other livestock, regardless of age, held by the taxpayer for draft, breeding, dairy or sporting purposes, and held by such taxpayer for 12 months or more from the

date of acquisition. The subtraction from federal adjusted gross income shall be limited to the amount of the additions recognized under the provisions of subsection (b)(xix) attributable to the business in which the livestock sold had been used. As used in this paragraph, the term "livestock" shall not include poultry.

(5) Christmas Trees

Prior to passage of Senate Bill 30, subsection (c)(xxiv) provided a subtraction modification for net gain from the sale of Christmas trees. Now, this modification is limited to tax years beginning after December 31, 2012, and ending before January 1, 2017. As a result, this income may no longer be subtracted from federal adjusted gross income when calculating Kansas income tax. Specifically, the statute now provides:

(xxiv) For *all* taxable years beginning after December 31, 2013, *and ending before January 1, 2017*, the net gain from the sale from Christmas trees grown in Kansas and held by the taxpayer for six years or more.

Overall Effect of Changes

The changes made to K.S.A. 79-32,117 by Section 5 of Senate Bill 30 make certain nonwage income subject to Kansas income tax by eliminating the ability to subtract it from federal adjusted gross income in calculating Kansas adjusted gross income, while at the same time permitting certain losses and deductions to be subtracted. The overall effect is to tax nonwage business income while allowing related losses and deductions to be offset against any taxable income.

Estimated Tax Payments

As noted above, Kansas tax law changes made in 2012 stated that beginning after December 31, 2012, certain categories of nonwage business income were exempt from income tax. As a result, taxpayers receiving this nonwage business income were no longer required to make estimated tax payments, and have not made such payments for the last several years. The provisions of Senate Bill 30 change this, so **taxpayers receiving nonwage business income should immediately begin making estimated tax payments.**

The Department strongly encourages all taxpayers receiving nonwage business income to make estimated tax payments for tax year 2017, and to review their personal tax situation with their tax preparer or tax professional. Making estimated payments now will help avoid a large, unpaid tax bill later.

For additional information regarding estimated tax payment for nonwage business income, please see our Notice 17-09.

NOTICE 17-04

CHANGES TO INDIVIDUAL LOW INCOME EXCLUSION (JULY 1, 2017)

The 2017 Legislature enacted an income tax increase via Senate Bill 30. Section 4 of the Bill amends K.S.A. 79-32,110, the statute which establishes the rates of income tax in Kansas.

In addition to adjusting the rates of tax, Section 4 of the Bill also lowers the income level at which certain individuals are exempt from Kansas income tax, starting with tax year 2018. Beginning in tax year 2018 the low income exclusion is reduced to \$5,000 for married individuals filing a joint return, and to \$2,500 for all other taxpayers. The amended provision, subsection (e), now provides:

(e) Notwithstanding the provisions of subsections (a) and (b): (1) For tax ~~year~~ years 2016 ~~and all tax years thereafter~~ and 2017, married individuals filing joint returns with taxable income of \$12,500 or less, and all other individuals with taxable income of \$5,000 or less, shall have a tax liability of zero; and (2) for tax year 2018, and all tax years thereafter, married individuals filing joint returns with taxable income of \$5,000 or less, and all other individuals with taxable income of \$2,500 or less, shall have a tax liability of zero.

The Kansas taxable income of an individual (see K.S.A. 79-32,116) is computed by adding or subtracting any Kansas modifications (see K.S.A. 79-32,117) to or from his or her federal adjusted gross income (to arrive at their Kansas adjusted gross income) and then subtracting his or her Kansas deductions and personal exemptions.

NOTICE 17-05

NET OPERATING LOSSES FOR INDIVIDUALS (JULY 1, 2017)

The calculation of an individual's Kansas income tax starts with federal adjusted gross income. Certain modifications, either additions or subtractions, required by K.S.A. 79-32,117 are then made to arrive at Kansas adjusted gross income.

The 2017 Legislature enacted Senate Bill 30 which makes modifications to state income tax rates and other changes. Section 5 of the Bill amends K.S.A. 79-32,117(b)(iii) to provide that for tax years beginning after December 31, 2016, there is no requirement for an individual to add-back a federal net operating loss as an addition modification. The amended provision states:

(b) There shall be added to federal adjusted gross income:

(iii) The federal net operating loss deduction, except that the federal net operating loss deduction shall not be added to an individual's federal adjusted gross income for tax years beginning after December 31, 2016.

The effect of this amendment is to allow a federal net operating loss taken on an individual's federal Form 1040 to "flow through" to Kansas.

The amendment made by Senate Bill 30 reverses changes made during the 2012 Legislative Session. As explained in Notice 12-08, those changes provided:

- 1) The net operating deduction for individuals was eliminated starting in tax year 2013.
- 2) An individual was not allowed to carry net operating losses forward to tax year 2013 or later years, or back to earlier years.
- 3) The requirement to add-back a federal net operating loss as an addition modification remained in effect.

It should be noted that the amendment in Senate Bill 30 does not change the manner in which prior year net operating losses are treated. Except as permitted or required on their federal income tax return for tax years beginning after December 31, 2016, an individual may not carry a prior year net operating loss forward to tax year 2013 or later years, or back to any earlier tax year.

NOTICE 17-06

**ITEMIZED DEDUCTIONS FOR INDIVIDUAL INCOME TAX
(JULY 1, 2017)**

The 2017 Legislature enacted Senate Bill 30, which makes changes to Kansas income tax law. Section 6 of the Bill amends K.S.A. 79-32,120 which allows itemized deductions for individuals.

The new language provides for a phased-in expansion of the amount of itemized deductions currently allowed. This includes charitable contributions, interest on a residential mortgage, and real and personal property taxes. In addition, the amendments allow medical expenses to be claimed as an itemized deduction. The phased-in increases and new allowance start with tax years beginning on and after January 1, 2018. As amended, the statute now provides:

(a)(1) If federal taxable income of an individual is determined by itemizing deductions from such individual's federal adjusted gross income, such individual may elect to deduct the Kansas itemized deduction in lieu of the Kansas standard deduction.

(2) For the tax year commencing on January 1, 2013, the Kansas itemized deduction of an individual means 70% of the total amount of deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the federal internal revenue code with the modifications specified in this section.

(3) For the tax year commencing on January 1, 2014, the Kansas itemized deduction of an individual means 65% of the total amount of deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the federal internal revenue code with the modifications specified in this section.

(4) For the tax years commencing on and after January 1, 2015, and ending before January 1, 2018, the Kansas itemized deduction of an individual means the following deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the federal internal revenue code with the modifications specified in this section: (A) 100% of charitable contributions that qualify as charitable contributions allowable as deductions in section 170 of the federal internal revenue code; (B) 50% of the amount of qualified residence interest as provided in section 163(h) of the federal internal revenue code; and (C) 50% of the amount of taxes on real and personal property as provided in section 164(a) of the federal internal revenue code.

(5) For the tax year commencing on and after January 1, 2018, and ending before January 1, 2019, the Kansas itemized deduction of an individual means the following deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the federal internal revenue code with the modifications specified in this section: (A) 100% of charitable contributions that qualify as charitable contributions allowable as deductions in section 170 of the federal internal revenue code; (B) 50% of expenses for medical care allowable as deductions in section 213 of the federal internal revenue code; (C) 50% of the amount of qualified residence interest as provided in section 163(h) of the federal internal revenue code; and (D) 50% of the amount of taxes on real and personal property as provided in section 164(a) of the federal internal revenue code.

(6) For the tax year commencing on and after January 1, 2019, and ending before January 1, 2020, the Kansas itemized deduction of an individual means the following deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the federal internal revenue code with the modifications specified in this section: (A) 100% of charitable contributions that qualify as charitable contributions allowable as deductions in section 170 of the federal internal revenue code; (B) 75% of expenses for medical care allowable as deductions in section 213 of the federal internal revenue code; (C) 75% of the amount of qualified residence interest as provided in section 163(h) of the federal internal revenue code; and (D) 75% of the amount of taxes on real and personal property as provided in section 164(a) of the federal internal revenue code.

(7) For the tax years commencing on and after January 1, 2020, the Kansas itemized deduction of an individual means the following deductions from federal adjusted gross income, other than federal deductions for personal exemptions, as provided in the federal internal revenue code with the modifications specified in this section: (A) 100% of charitable contributions that qualify as charitable contributions allowable as deductions in section 170 of the federal internal revenue code; (B) 100% of expenses for medical care allowable as deductions in section 213 of the federal internal revenue code; (C) 100% of the amount of qualified residence interest as provided in section 163(h) of the federal internal revenue code; and (D) 100% of the amount of taxes on real and personal property as provided in section 164(a) of the federal internal revenue code.

(b) The total amount of deductions from federal adjusted gross income shall be reduced by the total amount of income taxes imposed by or paid to this state or any other taxing jurisdiction to the extent that the same are deducted in determining the federal itemized deductions and by the amount of all depreciation deductions claimed for any real or tangible personal property upon which the deduction allowed by K.S.A. 2016 Supp. 79-32,221, 79-32,227, 79-32,232, 79-32,237, 79-32,249, 79-32,250, 79-32,255 or 79-32,256, and amendments thereto, is or has been claimed.

NOTICE 17-07

CREDIT FOR CHILD AND DEPENDENT CARE (JULY 1, 2017)

The 2017 Legislature enacted Senate Bill 30, which makes changes to Kansas income tax law. New Section 1 of the Bill creates a credit for child and dependent care expenses that may be allowed against the tax liability of an individual who is a Kansas resident.

Internal Revenue Code Section 21 (26 U.S. Code § 21) allows a federal credit for expenses for the care of a qualifying individual to enable a taxpayer to work or actively look for work. The Kansas credit is based on the amount of federal credit allowed against the taxpayer's federal income tax liability. The Kansas credit is limited to the amount of Kansas tax due, after all other credits have been allowed. It is not refundable.

In order to qualify for the credit the individual claiming the credit, their spouse, and every dependent of the individual must have a valid social security number that has been issued to them by the social security administration.

The new credit is effective starting with tax year 2018, increases for tax year 2019, and increases again for tax year 2020 and all tax years thereafter.

New Section 1 provides of the Bill provides:

(a) There shall be allowed as a credit against the tax liability of a resident individual imposed under the Kansas income tax act an amount equal to 12.5% for tax year 2018; an amount equal to 18.75% for tax year 2019; and an amount equal to 25% for tax year 2020, and all tax years thereafter, of the amount of the credit allowed against such taxpayer's federal income tax liability pursuant to 26 U.S.C. § 21 for the taxable year in which such credit was claimed against the taxpayer's federal income tax liability.

(b) The credit allowed by subsection (a) shall not exceed the amount of the tax imposed by K.S.A. 79-32,110, and amendments thereto, reduced by the sum of any other credits allowable pursuant to law.

(c) No credit provided under this section shall be allowed to any individual who fails to provide a valid social security number issued by the social security administration, to such individual, the individual's spouse and every dependent of the individual.

NOTICE 17-08

**TAX CREDIT FOR LOW INCOME STUDENTS SCHOLARSHIP
(JULY 1, 2017)**

During the 2017 Legislative Session Senate Bill 19 was enacted. The Bill amends the tax credit that is available for certain contributions to a scholarship granting organization which provides eligible students with scholarships to pay all or a portion of the tuition to attend a qualified school in Kansas. Please see Notice 14-14 for additional information regarding this program and credit.

Section 96 of the Bill amends K.S.A. 72-99a02 to change the definition of an “eligible student”, effective July 1, 2018. As amended, subsection (d) provides:

(d) “Eligible student” means a child who:

(1)(A) ~~Qualifies as an at-risk pupil as defined in K.S.A. 72-6407, prior to its repeal~~ Is an at-risk student, as defined in section 4, and amendments thereto, and who is attending a public school; or (B) has been eligible to receive an educational scholarship under this program and has not graduated from high school or reached 21 years of age;

(2) resides in Kansas while eligible for an educational scholarship; and

(3) (A) was enrolled in any public school in the previous school year in which an educational scholarship is first sought for the child; or (B) is eligible to be enrolled in any public school in the school year in which an educational scholarship is first sought for the child and the child is under the age of six years.

As noted in the new language, Section 4 of the Bill defines the term “at-risk student”. It provides

(c)(1) “At-risk student” means a student who is eligible for free meals under the national school lunch act, and who is enrolled in a school district that maintains an approved at-risk student assistance program.

(2) The term “at-risk student” shall not include any student enrolled in any of the grades one through 12 who is in attendance less than full time, or any student who is over 19 years of age. The provisions of this paragraph shall not apply to any student who has an individualized education program.

Section 96 also amends K.S.A. 72-99a02 to change the definitions of “public school” and “qualified school”. As amended, subsections (g) and (h) provide:

(g) “Public school” means a school that ~~would qualify as either a title I focus school or a title I priority school as described by the state board under the elementary and secondary education act flexibility waiver as amended in January 2013 and~~ is operated by a school district, and identified by the state board as one of the lowest 100 performing schools with respect to student achievement among all schools operated by school districts for the current school year.

(h) “Qualified school” means any nonpublic school that provides education to elementary or secondary students, has notified the state board of its intention to participate in the program and complies with the requirements of the program. On and after July 1, 2020, a qualified school shall be accredited by the state board or a national or regional accrediting agency that is recognized by the state board for the purpose of satisfying the teaching performance assessment for professional licensure.

The scholarship program is financed through a tax credit in an amount equal to 70% of the amount contributed for scholarships. Under prior law, the credit could be claimed against corporate income, premium (insurance companies) or privilege (financial institutions) tax liability. Effective for tax years commencing after December 31, 2016, the credit is also available to individual income taxpayers. Contributions from individual income taxpayers can begin on July 1, 2017. Also effective for tax years commencing after December 31, 2016, the total amount of contributions for any taxpayer cannot exceed \$500,000 for any tax year. The new language, which amends K.S.A. 2016 Supp. 72-99a07(a) provides:

(a) (1) There shall be allowed a credit against the corporate income tax liability imposed upon a taxpayer pursuant to the Kansas income tax act, the privilege tax liability imposed upon a taxpayer pursuant to the privilege tax imposed upon any national banking association, state bank, trust company or savings and loan association pursuant to article 11 of chapter 79 of the Kansas Statutes Annotated, and amendments thereto, and the premium tax liability imposed upon a taxpayer pursuant to the premiums tax and privilege fees imposed upon an insurance company pursuant to K.S.A. 40-252, and amendments thereto, for tax years commencing after December 31, 2014, and ending before January 1, 2017, an amount equal to 70% of the amount contributed to a scholarship granting organization authorized pursuant to K.S.A. 2016 Supp. 72-99a01 et seq., and amendments thereto.

(2) There shall be allowed a credit against the tax liability imposed upon a taxpayer pursuant to the Kansas income tax act, the privilege tax liability imposed upon a taxpayer pursuant to the privilege tax imposed upon any national banking association, state bank, trust company or savings and loan association pursuant to article 11 of chapter 79 of the Kansas Statutes Annotated, and amendments thereto, and the premium tax liability imposed upon a taxpayer pursuant to the premiums tax and privilege fees imposed upon an insurance company pursuant to K.S.A. 40-252, and amendments thereto, for tax years commencing after December 31, 2016, an amount equal to 70% of the amount contributed to a scholarship granting organization authorized pursuant to K.S.A. 2016 Supp. 72-99a01 et seq., and amendments thereto. In no event shall the total amount of contributions for any taxpayer allowed under this subsection exceed \$500,000 for any tax year.

NOTICE 17-09

ESTIMATED TAX PAYMENTS FOR NONWAGE BUSINESS INCOME (JULY 1, 2017)

The 2017 Kansas Legislature made substantial changes to income tax law including, specifically, K.S.A. 79-32,117. The effect of these changes (contained in Senate Bill 30) is to make nonwage business income subject to Kansas income tax. The new law does this by making changes to several addition and subtraction modifications. Please see Notice 17-03 for more specific information.

Kansas tax law changes made in 2012 stated that beginning after December 31, 2012, certain categories of nonwage business income were exempt from income tax. As a result, taxpayers receiving this nonwage business income were no longer required to make estimated tax payments, and have not made such payments for the last several years. The provisions of Senate Bill 30 change this, so **taxpayers receiving nonwage business income should immediately begin making estimated tax payments.**

Section 5 of Senate Bill 30 essentially reverses the 2012 changes. Generally, for tax years beginning after December 31, 2016, the following nonwage business income will be subject to Kansas income tax:

- Income paid to stockholders in banks and savings and loans
- “Business income”, including income reported by sole proprietors and to individuals considered statutory employees, reported on federal Schedule C and line 12 of federal Form 1040
- Income received from certain types of entities, including income received from partnerships, S corporations, limited liability companies, estates and trusts, and certain types of income, including income from rental real estate, royalties, residual interests in real estate mortgage investment conduits, and net farm rental, reported on federal Schedule E and line 17 of federal Form 1040
- Farm income reported on federal Schedule F and line 18 of federal Form 1040
- Net gain from the sale of draft, breeding, dairy animals, and animals used for sporting purposes subject to depreciation
- Net gain from the sale of Christmas trees

Like the federal tax system, the Kansas tax system is designed so that income tax is remitted as income is earned. While income earned as wages is generally subject to withholding, most income other than

wages is not usually subject to withholding. As a result, an individual who receives non-wage income should make estimated tax payments. An estimated payment is a direct payment to the Department of the estimated amount of tax due on income that has been received.

Individuals receiving nonwage income that is now subject to tax because of the amendments made in Section 5 of Senate Bill 30 should begin making estimated tax payments immediately. And, because the effective date of the amendments is retroactive to January 1, 2017, consideration should be given to increasing the amount of the estimated payment(s) in order to “catch-up” with the amount of tax had payments been made for the first two quarters of the tax year. Failure to make these estimated payments could result in having to pay a significant amount of income tax being due in April of 2018 when filing the 2017 income tax return.

Usually, failure to make estimated tax payments in a timely fashion will result in a penalty being imposed. However, this legislation specifically provides that a penalty will not be imposed if all of the tax that was underpaid as a result of changes made by the legislation is paid by April 17, 2018, which is the due date of 2017 calendar year income tax returns. Section 4 of the Bill amends K.S.A. 79-32,117 by adding subsection (f) which states:

(f) No taxpayer shall be assessed penalties and interest arising from the underpayment of taxes due to changes to the rates in subsection (a) that became law on July 1, 2017, so long as such underpayment is rectified on or before April 17, 2018.

Despite the fact no penalty will be imposed for failing to make estimated tax payments, the Department strongly encourages all taxpayers receiving nonwage business income to make estimated tax payments for tax year 2017, and to review their personal tax situation with their tax preparer or tax professional. Making estimated payments now will help avoid a large, unpaid tax bill later.

NOTICE 17-10
WITHHOLDING TAX DUE DATE CHANGES
(JULY 1, 2017)

During the 2017 Legislative Session House Bill 2212 was passed and signed into law. Section 6 of the Bill amends K.S.A. 79-3298 to advance the date by which those deducting and withholding tax must file a return with the Department of Revenue from the last day of February to January 31st. Section 7 of the Bill amends K.S.A. 79-3299 to advance the date by which those deducting and withholding tax must provide statements of the amount withheld to employees or payees from the last day of February to January 31st.

K.S.A. 79-3298 establishes due dates for those deducting and withholding tax to remit the tax, and to filing returns with the Department of Revenue. Subsection (c) of the statute establishes the due date for filing a return. As amended, this subsection now provides:

(c) Every employer, payer, person or organization deducting and withholding tax and making remittances pursuant to subsection (a) shall file a return on a form or in the format and shall file in the manner prescribed by the director, including electronic filing, for each calendar year on or before ~~the last day of February~~ January 31 of the following year.

K.S.A. 79-3299 requires those deducting and withholding tax to provide a statement of the amount of wages or payments other than wages subject to Kansas income tax paid during the preceding year, the total amount of tax withheld, and any other required information, to employees or payees. Subsection (a) of the statute establishes the due date for providing these statements. As amended, this subsection now provides:

(a) Every employer, payer, person or organization deducting and withholding tax, on or before January 31 of each year, shall prepare a statement for each employee or payee on a form prescribed by the director stating the amount of wages or payments other than wages subject to Kansas income tax paid during the preceding year, the total amount of tax withheld, if any, from such wages or payments other than wages by the employer, payer, person or organization pursuant to this act and such other information as may be prescribed by the director. One copy of such statement shall be filed by the employer, payer, person or organization with the division of taxation on or before ~~the last day of February~~ January 31 of each year. Except as otherwise provided, if the employer, payer, person or organization files statements which report such withholding information for 51 or more employees or payees, the statements shall be filed by electronic means. If filing such statements by electronic means would be a hardship for any such employer, payer, person or organization, the secretary may permit such statements to be filed other than by electronic means. Two copies of such statement shall be given to the employee or payee concerned, one of which will be filed by the employee or payee with the tax return required by this chapter.

The effect of the amendments is that Form KW-3, Annual Kansas Withholding Tax Return, for tax year 2017 will be due January 31, 2018. All W-2s and 1099s for tax year 2017 must also be submitted to the Department of Revenue by January 31, 2018.

NOTICE 17-11

SALES TAX FILING AND REMITTANCE FREQUENCY THRESHOLDS ADJUSTED (JULY 1, 2017)

During the 2017 Legislative Session House Bill 2212 was passed and signed into law. Section 9 of the Bill amends K.S.A. 79-3607 to adjust the frequency for making returns and remitting sales tax that has been collected, based on the amount of tax that has been collected by the retailer.

Under prior law, a retailer who did not collect more than \$80 in any calendar year was required to file a return by January 25th of the following year, and to remit the tax at the time of filing the return. This threshold has now been increased to \$400.

Under prior law, a retailer who collected more than \$80 but less than or equal to \$3,200 in any calendar year was required to file returns by the 25th day of the month following the end of each calendar quarter, and to remit the tax at the time of filing the return. This threshold has now been increased to \$4,000.

Under prior law, a retailer who collected more than \$3,200 but less than or equal to \$32,000 in any calendar year was required to file a return for each month, by the 25th day of the following month, and to remit the tax at the time of filing the return. This threshold has now been increased to \$40,000.

Under prior law, a retailer who collected more than \$32,000 in any calendar year was required to pay the tax due for the first 15 days of the month, along with any amount due for the preceding month, by the 25th day of that month, and to submit a return for the preceding month at that time. The retailer was required to pay the tax due for the remainder of the month when they filed the return for the month in which the tax was collected. This threshold has now been increased to \$40,000.

As amended, this subsection now provides:

(a) Retailers shall make returns to the director at the times prescribed by this section in the manner prescribed by the director, including electronic filing, upon forms or format prescribed by the director stating: (1) The name and address of the retailer; (2) the total amount of gross sales of all tangible personal property and taxable services rendered by the retailer during the period for which the return is made; (3) the total amount received during the period for which the return is made on charge and time sales of tangible personal property made and taxable services rendered prior to the period for which the return is made; (4) deductions allowed by law from such total amount of gross sales and from total amount received during the period for which the return is made on such charge and time sales; (5) receipts during the period for which the return is made from the total amount of sales of tangible personal property and taxable services rendered during such period in the course of such business, after deductions allowed by law have been made; (6) receipts during the period for which the return is made from charge and time sales of tangible personal property made and taxable services rendered prior to such period in the course of such business, after deductions allowed by law have been made; (7) gross receipts during the period for which the return is made from sales of tangible personal property and taxable services rendered in the course of such business upon the basis of which the tax is imposed. The return shall include such other pertinent information as the director may require. In making such return, the retailer shall determine the market value

of any consideration, other than money, received in connection with the sale of any tangible personal property in the course of the business and shall include such value in the return. Such value shall be subject to review and revision by the director as hereinafter provided. Refunds made by the retailer during the period for which the return is made on account of tangible personal property returned to the retailer shall be allowed as a deduction under ~~subdivision~~ paragraph (4) of this section in case the retailer has theretofore included the receipts from such sale in a return made by such retailer and paid taxes therein imposed by this act. The retailer shall, at the time of making such return, pay to the director the amount of tax herein imposed, except as otherwise provided in this section. The director may extend the time for making returns and paying the tax required by this act for any period not to exceed 60 days under such rules and regulations as the secretary of revenue may prescribe. When the total tax for which any retailer is liable under this act, does not exceed the sum of ~~\$80~~ \$400 in any calendar year, the retailer shall file an annual return on or before January 25 of the following year. When the total tax liability does not exceed ~~\$3,200~~ \$4,000 in any calendar year, the retailer shall file returns quarterly on or before the 25th day of the month following the end of each calendar quarter. When the total tax liability exceeds ~~\$3,200~~ \$4,000 in any calendar year, the retailer shall file a return for each month on or before the 25th day of the following month. When the total tax liability exceeds ~~\$32,000~~ \$40,000 in any calendar year, the retailer shall be required to pay the sales tax liability for the first 15 days of each month to the director on or before the 25th day of that month. Any such payment shall accompany the return filed for the preceding month. A retailer will be considered to have complied with the requirements to pay the first 15 days' liability for any month if, on or before the 25th day of that month, the retailer paid 90% of the liability for that fifteen-day period, or 50% of such retailer's liability in the immediate preceding calendar year for the same month as the month in which the fifteen-day period occurs computed at the rate applicable in the month in which the fifteen-day period occurs, and, in either case, paid any underpayment with the payment required on or before the 25th day of the following month. Such retailers shall pay their sales tax liabilities for the remainder of each such month at the time of filing the return for such month. Determinations of amounts of liability in a calendar year for purposes of determining filing requirements shall be made by the director upon the basis of amounts of liability by those retailers during the preceding calendar year or by estimates in cases of retailers having no previous sales tax histories. The director is hereby authorized to modify the filing schedule for any retailer when it is apparent that the original determination was inaccurate.

The amended provisions of the Bill are effective upon publication in the Kansas statutes, but retailers do not need to make any changes immediately. The Department of Revenue routinely conducts an annual review of all sales tax accounts to determine appropriate filing and remitting periods. By the end of October, 2017, the Department will notify all retailers whether their sales tax account has been affected by this legislation. Those retailers that are affected will begin filing sales tax returns and making remittance based on the new thresholds beginning in January of 2018.
